Please Pass the Pudding

You'll probably have pie on Thanksgiving, but the rest of the month is dedicated to a different dessert. Banana Pudding Lovers Month in November celebrates the cool, creamy concoction of vanilla custard, sliced bananas, sponge cake and whipped topping or meringue. The recipe became popular after the Civil War as steamships began bringing more bananas to the U.S., and in the 1920s, store-bought vanilla wafers emerged as a convenient substitute for the dessert's cake layer.
